Sir,

Subject - Grant of an allowance of Rs 10/- per mensem to Mr B.R Subba Rao, Foreman in charge of the Municipal Lorries and Steam Road Rollers for the work of supervising well works and of bath rooms in Mysore City

---

With reference to your letter No L 537/M1 dated 19th July, 1944 regarding the above, I have the honour to state that the establishment connected with this arrangement has been maintained from August 1942 and it consists of

One Fitter on Rs 1-4-0 per day.
One Asst Fitter at 12 annas per day.
One Cooly at Rs 10/- per month
One Trailer Pump Cleaner on Rs 12/- per mensem entertained upto 13th February 1944
Allowance to Foreman at Rs 10/- p m

The official has been attending to the work of supervision from August 1942 Out of 24 well works programmed, 14 are completed, 6 are under construction and 4 works are yet to be taken up Out of the wells so completed, six wells have been fitted with water pumps. As the water is supplied through these pumps to the public, it has been found quite necessary that they should be looked after every-day to keep them in working order This has necessarily increased the regular duties of the Lorry Foreman which he attends to in extra hours for which an allowance of Rs 10/- is sanctioned by the Municipal Council

The programme for sinking of wells in the city was taken up in view of the existing difficulty of water-supply through taps and also to facilitate supply on emergent occasions and therefore this has to continue as a permanent measure When all the well works are completed, suitable proposals for maintaining a separate permanent establishment in this connection at a minimum cost will be taken up

In these circumstances, I request you kindly to obtain sanction of Government for the payment of an allowance of Rs.10/- to Mr.B.R.Subba Rao, Lorry Foreman who is attending to the work the cost thereto being debited to D3-Loan Works, as usual. The allowance may be termed as a Duty Allowance for the arduous nature of the work he is turning out When permanent arrangements are made for the supervision of these well works, this may be discontinued as already stated.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT.
